NO CREDIT CARD FEES

We Cover the Credit Card Fees on Bookings! Average Instant Savings of \$10,000.

ACCEPT CASH

Create a Reservation with a Credit Card, Accept Cash Onboard.

HOW IT WORKS

Our platform enables businesses to accept reservations directly through their website or blog. Customers create a booking using a card-on-file but only get charged if the charter sail.

We add a 6% booking fee to orders to cover our costs & absorb your credit card fees. There are no monthly fees and no long term contract.

The best part is that you can still accept cash - even if customers start with a card.
